The current bubble test site remains as it is. And it's always free! I realize teachers usually operate with limited funds, but if this site is really help-ful to you, you may want to consider contributing a little dona-tion. Thanks. Do you have young students or students with challenged motor skills? Easier to read ... There are some larger bubble formats in the '500' section of the Teacher graphic. These are perfect for younger students. In this example, I've also expanded the font size, expanded column space, and increased space for the spacing between lines. Show example sheet Did you know ... that you can remove the page numbers and footer that appear on the sheet when printed on the printer? View page settings or printer setup to change all header and footer fields to -Blank header/footer settings appear on the same part as the margin adjustments. Another tip: Make all margins as small as you can. Enter zero(0) for each, and let the browser determine the minimum margin number. Minnesota Education We are proud to support: - Teachers - Educators - Students - Schools - Companies - Military - Test Services Print out practice Bubble Test Sheets for your students. Create a test key by printing a sheet on a clear transparency. Use a permanent pen to select the correct answers to the test key. MATH GRID HINTS: If you plan to mix mathematical grids with other styles, I recommend that you make a few separate sheets and cut the paper print with scissors. Create a master test sheet that you can copy on a normal copier. Basically, you'll be arranging your own columns so they line-up properly. Special features that have problems? Click here if you're still stuck, ask me. Emails from teachers: You wouldn't believe the number of emails I get from teachers all over the world. The great ideas and suggestions - the ions are amazing! As always, this site is free. Use it. Use these bubble sheets for practice tests. Introduce young students to the many different kinds of tests. Teaching tools, test tools, and learning tools designed specifically for teachers. Parents who home-school their children will find this particularly beneficial. Program Notes ... I am open to suggestions, comments and improvements to this script. If there's anything you'd like to see added or changed, let me know... Thanks. Send Send a message Teachers ... Using this Bubble Test Generator online is free! The original intent of this site is to create sample testing for student practice. Although it is not perfect, I hope this website will help in some small way. Be sure to try PDF Bubbletest!
